Flea and tick activity in our area is high, and unfortunately exposure to fleas and ticks is unavoidable even in the yard of our boarding facility. In an effort to protect your pet and all pets that board at Orchard Road Animal Hospital, we are instituting a policy that all pets staying with us need to be on flea and tick prevention.

I gave my pet a Flea and Tick preventative within the last month.

I authorize Orchard Road Animal Hospital to apply one application of Flea and Tick preventative and will pay the appropriate charge.

For dogs:

\_\_\_\_ Parastar Plus Topical at a cost of \$16.00

\_\_\_\_ Nextgard Oral at a cost of \$24.00

For cats:

\_\_\_\_ Revolution Topical at a cost of \$20
